Bishop Wordsworth's School is seeking to appoint an enthusiastic, creative and skilled Teacher of Design and Technology to join our successful and well-resourced department. This is an exciting opportunity for an ambitious teacher to contribute to a developing subject area within a high-performing selective school. This post would suit an exceptional Early Career Teacher (ECT), or another colleague at any stage of their career, who is able to demonstrate strong subject knowledge, excellent classroom practice and the potential to teach highly academic students across the full secondary age range.

The Design and Technology department encourages students to become creative, confident and responsible designers who can respond thoughtfully to real-world problems. Through practical work and design projects, pupils develop an understanding of materials, processes and manufacturing techniques whilst learning how products are designed and made. The department places strong emphasis on creativity, innovation and problem solving, alongside the development of practical workshop skills and technical understanding.

Design and Technology is a valued part of the curriculum at Bishop Wordsworth's School, with students responding positively to opportunities for creativity, technical challenge and independent thinking within a culture of high expectations and scholarship. The department is staffed by experienced and supportive colleagues and benefits from two dedicated workshop spaces and highly experienced technician support, making this an excellent opportunity for an ambitious teacher seeking to develop their practice within a high-performing grammar school environment.

We are seeking a colleague with strong subject knowledge, a passion for Design & Technology, and the ability to inspire and challenge students of all abilities. A commitment to high standards, alongside a willingness to contribute positively to a collaborative team, is essential.

Visits to the school are warmly encouraged.

We offer:

- A welcoming, supportive team
- Teachers Pension Scheme
- Cycle to Work scheme
- Access to on-site gym and sports facilities

Bishop Wordsworth's School is committed to safeguarding and promoting the welfare of children and young people and expect all staff and volunteers to share this commitment. We will ensure that all our recruitment and selection practices reflect this commitment. All successful applicants will be subject to an enhanced Disclosure and Barring Service check, as well as other relevant re-employment checks including satisfactory references and medical clearance.

All shortlisted candidates will undergo social media checks prior to interview in order to provide the appointment panel with any information that may be relevant to their suitability or have an impact on the school's reputation.
